

Please note each player must choose a number 1 position and a number 2 position. The following positions will be used through out the season, by the team reps or coaches when there is a need. For example, if there are too many number 1 positions as forwards on a single team the team rep will play a forward or two in their number 2 positions. This will be rotated so that each player can play in their number 1 positions as much as possible. Position number 2 must be different from position number 1. For example: you can not circle forward Right for position 1 then forward Left for position 2.

NUMBER 1 POSITION (please circle)

FORWARD	MIDFIELD	DEFENCE	GOAL
L M R	L M R	L M R	

NUMBER 2 POSITION (please circle)
